GK-33 Rime Bingo

Blackline Master available
www.tpri.org

Students play bingo using picture cards and rimes.
MATERIALS: *Chalkboard/chalk, picture cards, bingo boards, chips/counters, pencils/markers*

1. Select five to 10 rimes (e.g., _at _en _ig _og _ot _in) and write them on the chalkboard large enough for students to view.
2. Find picture cards with the same rimes as those selected. Have multiple pictures for each rime.
3. Create blank bingo boards with five columns and four rows, for a total of 20 squares.
4. Give each student a blank bingo board and 20 chips.
5. Using the rimes on the chalkboard, students fill in the squares on their bingo boards in random order, writing one rime per square, with each rime written in at least two squares. (If you play with fewer than 10 different rimes, some will be written more than twice.)
6. One at a time, turn over a picture card and say the word depicted. Students use a chip to cover a square with a rime that matches the sound of the picture.
7. The first student to cover an entire row or column wins.
8. Students clear their boards and play again as time permits.

PREPARATION OF MATERIALS: Print a blank 16 square BINGO sheet for each student. Print the picture cards. Cut the picture cards apart. Follow the directions for play.
