Teachers and coaches can use this resource to identify activities to view and practice specific strategies in the classroom. This document aligns teaching strategies from the *CIRCLE Infant & Toddler Teacher Training: Play with Me Series* with classroom activities from the *CIRCLE Activity Collection: Infant/Toddler*. To learn more about these teaching strategies, it is strongly recommended that teachers and coaches complete the *Play with Me* online course series. After logging into CLI Engage, the series can be accessed under the purple banner, Online Learning and Professional Development, by clicking the Full Course Catalog.

The strategies in this document are organized by developmental domains. The teaching strategies that are demonstrated in each activity are marked with an X. Visit the *CIRCLE Activity Collection: Infant/Toddler* online to view activities with videos (noted by ).
